SMART INTERIOR DESIGN

1 A SOURCE OF INSPIRATION

The only thing limiting your renovations? **Your imagination.**

Indeed, Recover solutions are customisable and adaptable to your wishes and those of your customers.

Hotel, store chains, companies... Many high-profile establishments have already made the leap thanks to the extremely wide choice of styles we propose. The ideal partner for all your renovations. **RECOVER** supports you in your projects.

Over 650 different references spread over several sumptuous ranges.

Renovate your establishment with ease and with style thanks to our decorative adhesive films system.

Because every interior ought to be unique, we propose a wide range of styles that will adapt to your atmosphere.

IN THE MOOD FOR WOOD

Inspired by a number of timber species, our Wood range reveals the charm of your rooms, giving them a natural touch. Are you dreaming of an interior with a “Swiss chalet” or Canadian-style look? An oak, beech, teak look....Placed in strategic places, such as a table or a wardrobe door, you would only need the smell of the woods and birdsong to transport you to the middle of the forest.

Whether it be with a rust or aluminium effect, materials and reliefs are the big feature of our Metallic range. Give your interior a silvery or golden touch. Are you going for an industrial look? The metal or carbon fibre effect will be ideal. Modernise an interior: create a loft atmosphere easily by covering wardrobes and chair legs. In décor, the metal effect is a safe bet when it is applied tastefully....You can depend on us to advise you and support you in your projects!

METALLIC REFLEX

Metallic brings a touch of authenticity to your interior.

The industrial style, which appeared a few years ago now, places raw materials at the heart of decoration.

Silver, gold, copper, bronze... Opt for a unique interior design and decoration with the Metallic range of Reocover adhesive coatings!
Change the interior of your home according to your tastes and desires.

SOFT AS LEATHER

The sophistication and richness of leather in all its forms. With the Leather range, your décor creates a charming “animal” effect which causes a sensation without harming any animals. Different textures allow you to create a very specific mood in all the areas you want to tackle in your renovation projects. Are you looking to add a touch of class to your establishment? Then put these voluptuous, sensation-creating colours in your lounges or on furniture such as chair backrests or cabinet doors.

Leather gives your interior the impression of breathing. It has this characteristic of being unique and therefore of making each piece of furniture just as much.

2 A LOOK TO THE FUTURE

WHAT'S NEXT?

Regarding the Earth situation, the climate changing, and so on , it is a question worth asking.

At **Clarity Visioin**, we think it's quite immoral to throw away a piece of furniture after a few years because it is worn out or old-fashioned.

LET'S MAKE A **CHANGE** AS

WHY REPLACE WHEN YOU CAN UPGRADE ?

As yes when using **RECOVER** you are contributing to help change the world! This is part of making a change, being part of a new thinking generation. Thank you for being part of the change! Thank you for being part of **RECOVER!**
